Rev. A. A. Phelps.

Dear Sir,

49

At a meeting of the Executive Committee of our State Anti Slavery Society held at this place yesterday, I was authorized and instructed to invite you to labor as an agent and lecturer in this field the coming year. Mr. Colver is engaged till the first of January, and will immediately commence his work in the eastern counties of the State. Your field of labor would probably be in this, and the more western and southern portions. It is our intention to complete the organization of County Societies, and by them institute town societies, throughout the State, so far as practicable. The progress of the cause has been such of late, and the aid of the County Societies would be so considerable, that I should hope your labors would be somewhat more pleasant than before.

Our Committee meet again on Thursday next, when they will hope to have your answer.

Very respectfully,
Your friend &c.

Horace Bowles
